Document Correction: DC-2010-1

March 17, 2010

Program: Durable Medical Equipment (DME) and Supplies

Document: Durable Medical Equipment (DME) and Supplies Billing Instructions

Effective Date: Effective for dates of service on and after August 1, 2009.

Summary: The Department of Social & Health Services (the Department) revised the DME billing instructions as described in numbered memo 09-57 which was issued July 30, 2009. These changes were effective for dates of service on and after August 1, 2009. The billing instructions inadvertently omitted a portion of the “Other” DME Coverage Table on page D.45 concerning Blood Monitoring. The purpose of this document correction is to rectify this omission.

Effective for dates of service on and after August 1, 2009, DSHS is amending this publication with the following:
